

# Ultra 275 Containment Sump®

## Complete Containment For 275-Gallon Oval Tanks — Indoors Or Outdoors!

Part# 2800

- Eliminate costly spills while storing fuels, oils and other hazardous liquids.
- Rugged, all polyethylene construction will not rust or corrode.
- Meets EPA Container Storage Regulation 40 CFR 264.175.
- **Helps comply with NPDES, 40 CFR 122.26 (1999).**

Pullover Cover option keeps rainwater out, yet allows easy access for pumping waste collection activities.

### ULTRA-275 CONTAINMENT SUMP

Part# 2800: no drain

Part# 2801: with drain

Outside Dimensions: 84 1/2" x 43 3/4" x 29"; Inside Top: 80" x 39"; Inside Bottom 73" x 31"

Weight: 90 lbs.

Containment Capacity: 360 gallons

Optional PullOver Cover, Part# 2810

# Ultra 550 Containment Sump®

## Secondary Containment for 500 and 550 Gallon Fuel Tanks

**NEW!**

- Economical containment for 500 and 550 gallon fuel and oil tanks.
- 100% polyethylene construction will not rust or corrode — provides superior chemical and weather resistance.
- Optional 3/4" drain fitting available.
- Use with optional Ultra-Self Bailer (Part# 9935) for outdoor containment — Self Bailer allows clean stormwater to passively drain from sump while capturing hydrocarbons.
- Meets Stormwater, SPCC and EPA Containment Regulations.

### ULTRA-550 CONTAINMENT SUMP

Part# 2823: no drain  
Part# 2820: with drain

Weight: 108 lbs.

Capacity: 605 gallons

Outside Dimensions: 87" x 62 1/4" x 32 3/4". Inside Bottom: 75 3/4" x 47 3/4".

Part # 9935

Note: To use Ultra-SelfBailer, the Ultra-550 Containment Sump WITH DRAIN, Part# 2820, must be specified when ordering.
